## Doncaster Concert Band

DCB was formed in 1993 with the intention of providing opportunities to perform for many instrumentalists in the Doncaster area, all of whom had left full-time education.

The band was initiated by three musicians with a wealth of experience in wind/military bands, Matt Alderson, Colin Latimer (still a playing member), and it's former distinguished conductor, Captain Peter Sumner (who sadly passed away last year).

Since January 2001, the Musical director has been Karen Roberts, and the band has continued to grow and build on it's firm foundations. Eynsford Concert Band visited DCB in it's early days, and a firm friendship was established, and it is with great pleasure that we now return the compliment. DCB would like to extend special thanks to Eynsford Concert Band for making this weekend visit and concert possible, and highly enjoyable!
